Graphics: OpenGL 3.0 compliant with 512MB of VRAM.

English

Starts as a fun game, but when you play some time, it feels unfinished & is has too many flaws.
- The lightsources are crap, you can't see the ball near them.
- walls in the field have their hitboxes all over the place.
- the magnet upgrade, most of the time you catch the ball at an angle that makes you loose it as soon as you release it.
