the best of magicats steam. the best of magicats free. the best of magicats free. the best of magicats. the best of magicats. the best of magicats steam

Really good game. THX game's community!. I like the music, graphic and level designs. As a fan of Mario and Rayman, I definitely recommend this game. What's more, the skin of it is also very adorable.

However, I haven't finished the whole game yet. Just in World two, because some levels need skills. I will get more updated after the weekend!. Ce jeu est vraiment une petite perle!

Les graphismes faits à la main sont juste géniaux (les effets et animations aussi !!), le gameplay un peu simple mais c'est compensé par toute cette variété de niveaux tous plus tarés les uns que les autres! En fait ils ont été faits par des joueurs et y'en a qui se sont fait plaisir ca se voit ! du coup ya du challenge mais c'est jamais trop dur la difficulté est bien dosée. ya meme des combats de boss tous différents aussi ! c'est pour ca que j'aime bien ce jeu c'est jamais pareil vous allez être tout le temps surpris ! franchement achetez le ca vaut le coup !

. I am usually not a fan of this kind of game. However, I am quite tired recently and want to find a game which can bring the relax. This game reminds me of Rayman, which is my childhood. I spent several hours quite fun and relaxed on it and I also recommend to my friends.. Pros:

- Hand drawn art
- 50% of the revenues go to players who created levels in the game
- Original and very different levels
- Humor
- Difficulty
- Cheap

Cons:

- Could be a bit longer
- Some players were probably drunk when they made their levels (which is also funny tho). I am usually not a fan of this kind of game. However, I am quite tired recently and want to find a game which can bring the relax. This game reminds me of Rayman, which is my childhood. I spent several hours quite fun and relaxed on it and I also recommend to my friends.. Nice platformer it's really cute and colorful! but cute doesnt mean easy here the game is challenging and the levels are quite original (they are made by players). Cool game. Alors, que vaut ce Crazy Dreamz : Best of ?

Tout d'abord côté graphismes on a une super DA avec un design excellent et des animations super clean. Niveau gameplay on part sur quelque chose d'assez normal mais de bien fait, c'est-à-dire les déplacements habituels, le saut, pouvoir tirer des boules de feu avec son bâton, et on peut aussi grimper et glisser sur les murs (plutôt sympa). Le gameplay prend surtout de la valeur grâce aux cent niveaux où on retrouve plein de façons de jouer différentes, on évite donc le sentiment de répétition.

Côté musique c'est plutôt discret, mais l'ambiance est bien retranscrite. Pour l'histoire pour le coup c'est banal mais pour le genre disons qu'elle a le mérite d'être là.

Autre point très important par contre, les revenus du jeu seront partagés avec les joueurs qui ont créé les niveaux (50% !!) sur le jeu Crazy Dreamz : Magicats edition et son éditeur de niveaux. Très beau geste de la part des devs.

On se retrouve donc avec un jeu qui n'a rien à envier à ses compères du même genre et qui au contraire possède une réelle originalité dans ses niveaux, on y revient avec plaisir !

Excellent. I don't regret to buy it. It is exactly the game I am looking for. I am bored with those very complicated stories, 3D shooting and pixel or Minimalism style. Mechanisms are well balanced!. I am shocked with the end!!! Didn't imagine this!. Oh boy, this game. Gave me a headache, dude srsly? i bougt this game right, paid my money, and this crap doestn even work, lol? k. A very good surprise for me!

The art is really beautiful and cute, and the levels are all very different and interesting! There are challenging platformer levels, fights, traps, enigmas... it's really a lot of fun!

definitely worth it!. Really good surprise, I saw a video on Youtube while when I was looking for original platformers and wanted to try the free game (Crazy Dreamz : Magicats Edition) and I have to say I didnt expect to have that much fun ! So I decided to get the Best of edition and it was a good decision, I'm really enjoying it. Tons of different levels you never get bored. If you like innovative platformers, this is the right game ^^ . Has cats 12/10
